

Rob Taylor for U.S. Senate

The Constitution Candidate

Our Republic is in danger and a Constitutional crisis is upon us. Our elected officials for many years, by every branch, by each party have violated and failed to uphold the Constitution. For this our nation is being undermined, our quality of life is being compromised and our economy is suffering. I am running to stop the madness and to ensure that the Constitution is the supreme law of the land.

In Wisconsin, the time for principles is now.

I am for:

- Being Constitutionally Minded and a Nation Under God
- Term Limits
- Federal government's limit to protecting life, property and our Bill of Rights.
- The 2nd Amendment - Gun Rights
- Reduce government & spending
- Access to energy that belongs to Americans
- Federal bills read & tied to the Constitution
- Fighting for small business & family farms
- National defense & protecting veterans
- Getting Washington out of our schools
- Relocate US Senators to state capitals
- The Fair Tax and end the Federal Reserve
- States Rights - Restore the balance
- Protecting the borders
- Zero tolerance on Illegal Immigration
- English as Our National Language

*If you believe
the federal government
is too large, too intrusive
in our lives and going in
a direction different from
what our founding
fathers wanted for this
great nation,
Help me get into office
and fight for legal
American citizens.*

*Donate your time,
money and prayers.*

Rob Taylor For Senate
P.O. Box 917
Cumberland, WI 54829
